# My Place (An Australian Classic)

## Synopsis

Looking at the views and experiences of three generations of indigenous Australians, this autobiography unearths political and societal issues contained within Australia's indigenous culture. Sally Morgan traveled to her grandmother's birthplace, starting a search for information about her family. She uncovers that she is not white but aborigine; information that was kept a secret because of the stigma of society. This moving account is a classic of Australian literature that finally frees the tongues of the author's mother and grandmother, allowing them to tell their own stories.

## Book Information

Paperback: 440 pages

Publisher: Fremantle Press; Reprint edition (April 1, 2010)

Language: English

ISBN-10: 9780949206312

ISBN-13: 978-0949206312

ASIN: 0949206318

Product Dimensions: 5 x 1.2 x 7.5 inches

Shipping Weight: 12 ounces

Average Customer Review: 4.3 out of 5 stars [See all reviews](#) (35 customer reviews)

Best Sellers Rank: #436,498 in Books (See Top 100 in Books) #88 in [Books > Biographies & Memoirs > Ethnic & National > Australian](#) #192 in [Books > History > Australia & Oceania > Australia & New Zealand](#) #400 in [Books > History > Historical Study & Educational Resources > Reference](#)

## Customer Reviews

Reading the other reviews on here, I find it interesting to note that just about everyone gives it either 5 stars or 1 star, but there's almost nothing in between. It's quite true that it is a poorly written book - the writing is dull and prosaic, and there's little to recommend it from a literary point of view. Had I not had to read it for a class, I doubt I would have bothered finishing it. The narrative of searching and redemption which runs throughout is so predictable and cliché that I have the feeling that if this had been an American story it would have been snatched up by Oprah's Book Club long ago. Having said that, however, I think there are some important things about this book that probably need consideration. More than the book itself, what I find interesting is that this was a huge bestseller in Australia. And I mean HUGE. She may well be the highest grossing Indigenous author

in the country, although I'd be guessing. The fact that so many people read the book says something about the mood of White Australia over the last twenty years, with this country trying to come to grips with its shameful past. I've inclined to believe that most of this is an attempt to ease collective white guilt than actually taking steps to reconcile and compensate for over two centuries of oppression. Sally Morgan's book is popular, I think, because she doesn't actually challenge her audience to move much beyond their comfort zone, and the construction of Aboriginality that she presents is quite problematic, stereotypical, and firmly entrenched in the past.
