Customer Reviews

Good book for a study of the paintings of Edvard Munch. Paintings that I enjoyed seeing the iconic The Scream, and the Four Girls. Some seems a bit dark-so might be good for older kids to study. No text-no author life.

Indeed there is! The very next painting "The Sick Child" definitely begs an emotional response as you can't help but feel for the woman with the head drooped to her chest. And while "Anxiety" is much in appearance to "The Scream" you only have to go back a few years to witness the dramatically different "The Seine at Saint-Cloud" which was a wonderful impressionistic landscape.

If you're still doubting, have a look at the portrait "Consul Christen Sandberg" which I personally have a hard time believing is his given the crisp, realistic detail and contrasting brush style. As I've come to realize there is assuredly more to Munch than that singular painting we have all come to know so well over time.

I am going to Norway in June, my first trip out of the USA. I am excited about visiting Edvard Munch's Museum in Oslo. With my Kindle book in hand I can anticipate my pleasure in seeing his originals.

This collection of 24 paintings is a quick look at Munch's better known works. Although billed for children it works well for all ages. It lacks the captions that would better explain the artwork.

I love having the art available at my fingertip as we study the artists. This is so convenient. We would be much less likely to complete our fine arts study without such a ready resource.

Perfect for our Classical Conversations group and also her Atelier art classes this fall. I wish I would have found them last fall but better late than never!
