Customer Reviews

The book has a lot humor and action... and humoris action. It also has some serious parts in it that I also like. It is definetly (spoiler alert) based on star wars/Minecraft. But it is a very good book and I would recomend this book to other people. Also could the author the series free? Thanks if you do.

But all in all (the greatness) get this book. You won't regret it.

My son read this and loved it!
