Stone Cold (Camel Club)

Synopsis

Oliver Stone and the Camel Club are back in their most dangerous adventure yet, a war on two fronts. Casino king Jerry Bagger from THE COLLECTORS is hunting Annabelle Conroy who conned him out of millions. Stone and his colleagues Reuben, Milton, and Caleb marshal all their resources to protect Annabelle. Yet all their skills may not be enough when a deadly new opponent rips off the veneer of Stone's own mysterious past. Bagger's menace pales next to newcomer Harry Finn's lethality. Seeming a normal family-man, Finn has already killed three men with more targets to come. When Finn also sets his bulls-eye on Stone, his reason why will be the greatest shock of all, making readers reconsider their beliefs in good and evil. As bodies and institutions topple, the story rockets toward a shattering finale that will leave the survivors of this explosive tale changed forever.

Customer Reviews

"Stone Cold" brings back The Camel Club in a third successful outing with two story lines loosely crossing each other's paths!In the Camel Club's previous novel, "The Collectors", Annabelle Conroy, the beautiful and resourceful con artist extraordinaire, relieved Jerry Bagger, her mother's murderer and filthy rich casino owner and crime boss, of \$40 milliion dollars. Bagger will stop at nothing to exact his revenge and kill Annabelle ... slowly, luxuriously and very, very painfully!Meanwhile (one might say, back at the ranch!), someone is assassinating past members of Oliver Stone's elite 666 squad, a CIA assassination team. Three down and two to go. John Carr,

"officially" dead, killed and buried many years earlier, lives disguised and in deep cover as lowly Oliver Stone. The only remaining "live" members of the team are Senator Roger Simpson, a front-running candidate for the big seat in the Oval Office in the White House, and Carter Gray, director of the CIA. They're so worried that Gray reaches the decision to exhume John Carr's coffin thereby revealing the fact that John Carr is still alive and well. Oliver Stone is being held out as bait for the assassin."Stone Cold" is jam-packed with fast paced Hollywood style action and dialogue to be sure but it's completely successful and enjoyable nonetheless! A great reprise of some international cold war style spy vs spy intrigue together with a story revolving around a sleazy, despicable crime boss and his quest to exact revenge on the babe he might have loved but who stole his respect and honour instead.Friendship, loyalty, love, honour and duty are themes that ripple through both interwoven stories and the ending, in particular, while shocking (in great thriller style) is warm and pleasing.

Even though I do a lot of reading, fiction isn't really my thing. In fact, I usually only read a few works of fiction each year. So, when my daughter brought home an advance reading copy of STONE COLD by David Baldacci from the bookstore where she works, I didn't get too excited about it. She told me she had read one of his books before and thought it would be something I might like. The book sat idle on the desk in my library for a couple of weeks. Then one morning, before going to the office, I had a few extra minutes and decided to take a look at it. If I lacked excitement about the book before, that lack of excitement was multiplied after reading the excruciating first sentence. It was a painful fifty-two words long and contained six commas. I looked at my watch then glanced again at the cover. "Okay Mr. Baldacci, you've got exactly twelve minutes to grab my attention."Well, guess what. Mr. Baldacci did indeed grab my attention. The first sentence turned out a poor example of Baldacci's writing style. Over the next day and half, every spare minute was spent flipping the pages of this book. Even though this is apparently the third or forth book in a series, the character development was spectacular. The story is non-stop and will have you dying to know what happens next. I hate it when reviewers give away too much storyline, so I'll limit what I tell you about the plot. Most books of this nature, I find, too much of a stretch to be believable. I only found minor instances of that here. Here's an example; as I said, Baldacci brilliantly constructs his characters. Here we have a ruthless casino owner, feared by all, known to be a dangerous man you never want to cross. Yet he employs a barmaid at the casino who is guite loose-lipped about her employer's dealings.
