## Customer Reviews

There are so many language programs out there. I am very glad I got this one. It is very organized

and very effective if you follow the program. I feel I must say nothing is easy so if you are looking for something easy studying a language isn't it. If you are willing to focus and really stop and check out how this program is organized you will be amazed at the way they have written this program. It is a step by step building block upon building block. That is the best way to learn. The audio is very good quality. I heard another program's audio and it was terrible, it made me appreciate this programs audio. As with any CDs it will get scratched somehow or the other sooner or later so I have made back up copies of my CDs. I have spent a few minutes to make up a sheet for this program. It is a check off sheet. I find this is a great help in keeping track of my studies. I do this because along with this program I do some other online studies too to supplement my studies. I especially had to go outside of this program to get help with the script. I think some people will be great without doing that but I am kind of an extremely thorough person and like to overdo things but that works for me. On this study check off sheet I just followed the course and made it. **DO NOT LISTEN TO ANYONE WHO SAYS THIS PROGRAM IS NOT GOOD.** This really is an awesome program and you will get back even more than you put in. The price cant be beat. The set up of the program makes it very easy to follow and retain. Do not forget to go to their website and play the games and use the flash cards. You will even retain more that way too. If you wish copy and paste the check off sheet i made below and follow it. Just check off each that apply as you go along the program.
