## Customer Reviews

Absolutely excellent for the ESL classroom in Canada. Allows for very direct and clear explanations of material; very manageable lesson plans for all skills; and facilitates extension of content. This series is an ESL teachers dream. Applause to the VENTURES team!

I was so happy when I get my books but when I heard the CD I was wondering why the CD seems like is scratch start really good but almost at the end I can't heard the rest I have very bad luck with the books I buy there.

I love the Ventures series; good progression of real life English, excellent choice of materials and good support network through the Ventures website, and good website for students to go and practice

My students enjoy having personal copies of our texts and workbooks. The product was delivered

promptly and in excellent condition. Thank you.
