Japanese Dialogues: Meeting And Greeting

Synopsis

Finally, a fun and easy way to learn REAL conversational Japanese! We believe the best way to learn vocabulary - by far - is to study words within their proper context. The dialogues found herein are all about context and how Japanese is actually used among friends and new acquaintances. Each dialogue has three tracks associated with it. The "Japanese dialogues" are all recorded by native voice actors and actresses. First, the dialogue is presented naturally and all in Japanese. You may want to listen to this short track several times and try to guess the meaning. The second sound file covers the vocabulary found in the dialogue. Every word is defined with the English meaning spoken after the Japanese. The third sound file for each dialogue has the dialogue again but leaves space for repetition. Try to mimic the Japanese speakers in sound and presentation.

Book Information

Audible Audio Edition

Listening Length: 34 minutes

Program Type: Audiobook

Version: Original recording

Publisher: Kotoba Books

Audible.com Release Date: July 2, 2012

Language: English

ASIN: B008GWOD1Q

Best Sellers Rank: #29 in Books > Audible Audiobooks > Language Instruction > Japanese
#949 in Books > Audible Audiobooks > Nonfiction > Language Arts & Disciplines #61706
in Books > Reference > Words, Language & Grammar

Customer Reviews

The authors did an excellent job with content and presentation. This edition is well organized, and provides more than just the romaji... it actually provides the text in Japanese with the furigana on top of the Kanji! This is essential in learning the characters AND how to pronounce them. Good tips throughout in the notes section provide delightful contextual insight beyond the literal translations. Nice selection of conversational topics. Fantastic way of providing value-added content. It is evident that the authors thought out the content and organization very well. I will be going to vacation to Japan, and wanted to pick up some basic and useful phrases... this edition will give you that! PS: So why not 5 stars? I'm selfish; the content is absolutely 5 star material, alas, it is somewhat brief. Do not let that discourage you from buying this well-written guide, I'm just trying to encourage the
