Customer Reviews

this adult coloring book is fun. Some of the word choices are odd but still fun. It has A LOT of detail

so coloring one page does take time. Also, because some of the detail is so small reco using colored pencils, not crayons

I finally broke down and bought an 'adult' coloring book and I couldn't buy one without swear words. This is much nicer than I expected. The pages are thick enough to use markers without the color bleeding through the paper. It would have been nice to have perforation on the pages though.

I was very excited to receive this and upon getting this book I realize it's not one that I would buy again. Some of the drawings are not completed and the words are pretty lame. Really if you're into creating the same art work over and over then this is the book for you.

I LOVE this coloring book. It is printed on great quality paper, Single image per sheet of paper. Detailed drawings and funny sayings. Easy to complete. Original and unique designs. I actually colored them in and framed a few. I am a very, very happy camper! This was a PERSONAL purchase. I did NOT receive a discount price for the purchase of this product, I was NOT asked OR obligated TO LEAVE A REVIEW ON THIS PRODUCT, I AM IN NO WAY CONNECTED TO THIS SELLER AND HAVE LEFT THIS REVIEW OF MY OWN FREE WILL

Got this for a good friend of mine who has small children and will not allow us to say these words so it made for a good laugh when I pulled out the book and we could color them Really helped brighten her day after the loss of her husband

Super corny pictures along with the dumbest words put together. ' •

Some of the phrases were creative, haha...but the images were all the same and I didn't enjoy coloring them. Ended up trashing it. The quality of the paper and the print was fine, hence two stars.

Purchased these to share with others in my office during high stress days; has been a HUGE hit and now everyone wants one!
