Redemption: Omega Force 7

Synopsis

There is a fine line between right and wrong, good and evil. For years Jason Burke has straddled that line as best he can, always convinced that despite the violence carried out by him and his team they were firmly on the right side of that line. But as he reflects on his time with Omega Force, he begins to have his doubts. When strange happenings from the mysterious Avarian Empire cross the expanse and Jason and Omega Force are pulled into the conflict, they must pick sides between two superpowers, all without knowing whom they can trust. At every turn, friends reveal themselves to be enemies, and enemies might be friends. All he knows for certain is that if they make it through the mission things will never be as they were.

Book Information

Audible Audio Edition

Listening Length: 7 hours and 49 minutes

Program Type: Audiobook

Version: Unabridged

Best Sellers Rank: #49 in Books > Audible Audiobooks > Science Fiction > High Tech #216 in Books > Science Fiction & Fantasy > Science Fiction > Hard Science Fiction #580 in Books > Science Fiction & Fantasy > Science Fiction > Space Opera

Customer Reviews

I have to say when I started reading this, I wondered if I had picked up the right book. Had I missed something? I was sure I had picked up the next book in the series, and I know that nothing that serious had happened at the end of the last book. But here was Jason and Lucky, alone, running a cargo hauling operation on a different vessel, rather than the Phoenix. So what happened to the rest of the crew and the ship? I soon realised that I had the right book, but this one was going to be different, and that something catastrophic had happened to the crew. And that made this one of the most interesting reads in the series yet, as I was instantly drawn in to know what had happened to everyone. It shows just how good Dalzelle's writing is, that you have such a connection to the crew of the Phoenix that you must find out what has happened to them. On top of that, his writing is

so good, that you are instantly sucked into the story of what happened. In the middle of all of this, there is an overarching plot that Jason and Lucky have stumbled across. A young girl, Kalette, who is the First Attendant to the Heir to the Throne of the Empire, stows aboard their ship in an attempt to flee captors. We soon learn that the Heir, the Netjere, has been captured and the future of the Galaxy is possibly in peril, for if the Netjere is killed, it could mean a Galactic war. And this is where the book really ramps up. I'm not going to give anything away, no spoilers, but as usual, Dalzelle gives us another exceptional story that is action packed, thrilling, with brilliant characters, and most importantly of all, a lot of fun. And this is what makes Dalzelle stand out â€” his books are a lot of fun, as reading should be.
