Really, this book was nothing but How To Use The Website. All you have to do is actually follow the site's instructions; the book really didn't have anything useful as far as tips go.

Really gave me the tools and resources to get my campaign going...I recommend reading this book if you are attempting to start up a food truck operation...

I can see these little book might benefit someone who doesn't know what a kickstarter is but for everyone else it doesn't really tell you much. It's also focused on American rules, laws and regulations that are useless to the rest of the world.

This is a rip off! No Recipes, no prices on used or new trucks. No Help.This is a pamphlet...with no information at all.

Easy to read, basic book about crowdfunding. I learned some things that I wasn't aware of and look to putting the ideas to good use. I recommend Food Truck Funding with Kickstarter.

Very helpful information on the overall picture of what to do to try to successfully raise money with crowdfunding. Some very useful information.
