Customer Reviews

Easy to read, clear tab, and a great selection of kids' songs; all at a great price. down at the local store, I found similar books to be almost $40....very enjoyable for campfire sing-a-longs, with complete lyrics (many verses that aren't all that familiar to many of us).great bargain and nice production of legibility.

This book is full of familiar kids' songs with easy-to-play guitar melodies. The only things I wish it had was the complete verses for some of the songs, for instance, Twinkle Twinkle Little Star has 3 verses but they only include the most well known.Otherwise, my 11 year old has played some of the songs on his guitar with very little effort.

Yup, this works. Pictures of chords above song, tabs under the notes, no difficult fingering changes.

Most of the songs are standards, i.e. Home on the Range; Row, Row, Row Your Boat; If You're Happy and You Know It; America, The Beautiful.

This is a book of easy to play children's songs for guitar. The notes and tab are very easy to follow, and the selection of songs is very good. I dock it one star because some of the songs are overly simplified and shortened (although others are surprisingly complete).

This book is really wonderful. offers diferent strumming patterns for each song. just a very user friendly book..and that's coming from a beginner guitar player who has NO natural talent

My son, age 11, has only been playing guitar about 4 months. He learned the basic notes on the first 3-4 frets and some chords. With his basic knowledge he has been able to play the songs in this book without frustration. They are mostly all fun songs that everyone recognizes laid out in a simple format. This book helps kids take their beginning/basic knowledge and skills and actually use them to perform for friends and family. It really helped bring some fun into the hum drum of daily drills and lessons while polishing what he already learned. He was very encouraged!! A good bit of these songs are in keys other than C, so a basic knowledge of key signatures/sharps and flats is necessary. :)

im a beginner guitarist and a mom of a two year old who loves music. This is perfect for us. Great, easy songs to practice building my chord and speed. Some songs are just 2 chords, some 5. Tab is shown if you forgot and don't know the finger placement of a particular chord.

My daughter, age 9, hasn't played from this book yet. She has only played 8-9 months, but we are excited for the many different types of songs that she will learn to play. It has everything from "He's Got the Whole World" to "Be Kind to Your Web Footed Friends."
