Customer Reviews

This book is a dream come true for bassists that love Queen. The book provides readers with bass tabs, bass guitar sheet music, and vocal tenor sheet music for some of Queen's biggest hits. What's really nice is that there is a section at the end of the book that shows users how to read tabs. I really don't have any issues with this book, but it would be nice if they did this for every album and if they had the bass tracks for the songs on a CD.

to play a Queen song is one of my son's dream. with this Bass tab, he can easily follow the licks while the music plays.. so far he have made significant progress using this tabs!

not the greatest hits album, but a lot of those tunes. great book. gives you a little insite of how the bass lines were written with full treble and bass clef charts.
