## Customer Reviews

I really like this book. I use it for all of my young male voice students. I love using the cd during lessons so I can focus on what the student is doing. It is also great to have the cd for the students to practice with.

CD's ability to transpose key and change tempo a big plus. Looking forward to using this anthology in my studio!

Nice to have a collection for this age group. Includes sings from both older and newer musicals.

Great starting compilation for young singers.
