One Evil Bitch : The True Story Of Judith Ann Neeley

Synopsis

Judith and Alvin Neelley are an American married couple who were convicted of two torture murders in the early 1980s in Georgia and Alabama. Judith became the youngest woman to ever be sentenced to death in the United States; however, the Alabama governor at the time commuted her death penalty to life imprisonment in 1999; likely due to her age. Alvin died in prison in 2005 at the age of 52 due to complications resulting from surgery. Unlike most murderous couples, Judith was the primary antagonist in this relationship with much speculation that her higher IQ and deep-seated hatred of herself and others led to her actions.

Customer Reviews

First and foremost it is NOT a book. It's a small pamphlet really. Not very informative. Waste of money.

The grammar and punctuation errors are awful. The story jumps around, leaving out critical information for the reader. It felt like the author wrote the book because of boredom, and possibly on a napkin. Again, don't bother. Awful.

A detailed disturbing story of "the most evil" woman I have ever read about. Very hard to believe someone could be so hardened, empty and cold. I like how the end of this book focused on the trail itself. There were lots of powerful details written.

I am not sure if what I read was an extremely short version but there was very little information about this couples past or any indication of why they turned into killers. It read like a newspaper article.

This was an easy read. Short version that doesn't get explicit. Just the facts of the crime. I would recommend as a good 30 min read.

The writing was horrible in this book. Also misspelling and punctuation was horrible. Very hard book to read. Not recommended

Crime history at it's best. Informative and horrific, the tale of a truly mind warped woman, and her desperate defense.

The book was very interesting and yes she was a Bitch. If you love real murders you will like this!
